

Dear Colleague,

This is the second announcement of the International Conference on Extreme Light (ICEL) 2017 event (<https://www.eli-alps.hu/indico/event/12/overview>). The registration to the event and abstract submission are now open. You can register following the link <https://www.eli-alps.hu/indico/event/12/registration/> and submit an abstract using the link <https://www.eli-alps.hu/indico/event/12/call-for-abstracts/>.

ICEL is a follow-up on the tradition of the ELI-related conferences established some years ago with **LEI2009** and **LEI2011**. ICEL is a unique opportunity to bring together the community of ELI users at large in a single scientific event. ICEL 2017 is the second of a regular series of conferences, is co-organized by the **Extreme Light Infrastructure - Delivery Consortium (ELI-DC AISBL)** and the **Attosecond Light Pulse Source (ELI-ALPS)** - the Hungarian pillar of ELI. It will take place at the ELI-ALPS site in Szeged, Hungary. The conference will host the following plenary and invited speakers:

Plenary speakers (confirmed):

János HAJDÚ, Sweden
Jerome HASTINGS, USA
