

Blog in International Studies!

The International and Regional Studies Institute is launching a new blog, where we wish to give students the possibility to publish entries!

Did a world event inspire your imagination?

Did you hear something interesting at a lecture?

Did you attend an event organized by the Institute?

If you have an opinion, related to international studies topics, don't hesitate to write it down and we will publish your comment on our new blog!

The best entries will be rewarded at the end of the semester!
