Welcome to the University

- The University of Szczecin, founded 30 years ago, may boast itself on the fact that it is West Pomerania's largest university. The city and university are located in direct geographical and cultural proximity to Germany (ca. 150 kilometers from Berlin) and within 100-kilometer distance from the Baltic Sea. Szczecin is often referred to as the "Paris of the North" due to its original urban design, *i.e.* distinctive star-shaped squares and roundabouts. The city is especially valued for its green spaces; there are plenty of parks and lush green squares.

Welcome to the University

- University of Szczecin is a new, dynamic and, what is most important, successful university. Developing a lot of project throughout many years we're able to acquire funds equaling 20 million zlotys, mostly from the European Union.

Education

- University of Szczecin is a dynamically developing institution with over thirty thousand students, half of which study extramurally. Our students may choose from 44 major courses. The offer of post-graduate courses equals 58, with over 2000 students currently attending. The MBA studies available at the Faculty of Economics and Management currently have 82 attending students. Every year, there are about 500 doctoral students at our university.

Faculties

- Presently about 20,000 students are following full-time, evening and part-time studies at University of Szczecin. Nine out of its ten faculties are located in the centre of a beautiful, green town on the Odra river whose historical and modern buildings dot the centre and surrounding areas.
- These are:
 - Faculty of Humanities,
 - Faculty of Philology,
 - Faculty of Economics and Management,
 - Faculty of Management and Economics of Services,
 - Faculty of Biology,
 - Faculty of Geosciences,
 - Faculty of Mathematics and Physics,
 - Faculty of Theology,
 - Faculty of Law and Administration,
 - Faculty of Physical Education and Health Promotion,

Education

- The university has the right to confer doctoral degrees in fourteen disciplines: biology, economics, geography, history, pedagogy, philosophy, law, management, linguistics, literature studies, theology, physics, mathematics and political science.
- Seven faculties have the authority to confer the degree of doctor of science, i.e. the faculties of: Humanities, Philology, Biology, Management and Economics of Services, Law and Administration, Economics and Management, and Geosciences.

Fax: +48 91 444 28 46

Web: www.mec.univ.szczecin.pl

The Faculty of Law and Administration comprises 15 Chairs fully staffed with academic teachers, which enables providing education in the scope of subjects required by the minimum curriculum. A majority of these people combine theoretical knowledge with practical application of the law: judges, solicitors, barristers, notaries, local government employees. The faculty's library collection numbers over 16,000 volumes of books and over 7,000 volumes of serials.

Since the start of the academic year 2005/2006, the faculty actively participates in the "Senior Lawyers Programme" organized by the Center for International Legal Studies (CILS) in Salzburg. Annually, within this program, the Faculty of Law and Administration hosts monograph lectures (2-3 week sessions) by visiting professors from the USA. The lectures are conducted in English, mainly in the field of American commercial law and international law. This gives students the chance to brush up their language skills and acquire knowledge on different legal culture. At the end of the Senior Lawyers Programme seminar, the students receive a certificate of participation written in English.

The faculty's students also have the opportunity to take advantage of the national and international student exchange programs such as MOST, Erasmus and Erasmus Mundus. This means that part of the study period may take place at another university, either in Poland or abroad. This cooperation includes international exchange with 10 partner universities, for instance Bari University (Italy), University of Valencia and Saragossa (Spain), Rostock University (Germany), University of Bordeaux (France), University of Lapland (Finland).

Lectures are delivered mainly in Polish and, in the case of some study programs or courses, in foreign languages.

Study areas:

1. Law
2. Administration

SZCZECIN - THE CITY
