Dear PhD Researchers and Doctoral Candidates,

The Institute of Business Law at the Faculty of Law and Political Sciences, University of Szeged, has organised academic conferences since 2019 to provide a forum for researchers in agricultural law, food law, environmental law and cooperative law to exchange ideas and share their ongoing research projects and findings.

This year, we are pleased to launch an international edition of the conference series. Our aim is to establish a forum that alternates between academic staff and PhD researchers in successive years. The 2026 conference will offer doctoral candidates an opportunity to present their dissertation topics, discuss the current stage of their research and share recent work related to their projects.

Participation requires online registration by 23 November 2026.
